[james.al.stevenson@gmail.com](mailto:james.al.stevenson@gmail.com)

## PROFILE

---

Enthusiastic junior developer, interested in developing my professional skillset. Recently completed an MSc Computing at Edinburgh Napier. My thesis critically evaluated contemporary Ontology Engineering tools.

Coursework required a strong grasp of the principles of OOP and modern web development technologies, with a focus on Java and C#.

## SKILLS

---

**Languages:** Java, C#, JavaScript, Python, Perl, Bash

**Web Technologies:** ASP.NET MVC, Bootstrap, Django, LAMP, MariaDB

**IDE:** Visual Studio, VScode, Eclipse

**Version control:** git

**OS:** Linux, macOS, Windows 10

**Other:** teamwork, customer service, professional discretion

## PROJECTS

---

**java-bbcNews-scraper:** Utilises the visitor pattern to scrape news stories from the BBC.

**folium:** Open-source python library used to create interactive maps with geo/topojson and OpenStreetMap (contributor).

**AirportSim:** A sample airline booking system in Java with a basic GUI in Swing.

**Github:** <https://github.com/steeznson>

## WORK EXPERIENCE

---

NOV 2016 - JAN 2017 **Stockroom Assistant** at WATERSTONES, Edinburgh

Seasonal work to assist with busiest time of year for retail. Used computer systems to locate stock, send invoices and create dispatch notes.
